

Finals Self-Study Guide

This guide is to help you decide on a plan to study for your upcoming finals. Use any part, or all, of this packet to help you create a timetable for studying, completing projects, or finalizing papers. You can go as in-depth as you want while using these tables.

In this packet, you will find:

Page 2: Calendar

Pages 3-4: Course Study Plans

Page 5: Daily Study Guide

If you need help with the content of your classes, check with LASSO to see if we offer either Tutoring or Supplemental Instruction. You can find this information on our website (lasso.okstate.edu), and to create a tutoring appointment, log into your Star account. You will want to do that as soon as you can, as appointments may fill up quickly.

If you need help with a planner, including this one, Success Coaches are available to meet. Again, log into your Star account to see the Coaches' availabilities.

Some tips on studying:

- The earlier you begin studying, the more information you will retain. Studying each day will help your comprehension of the information.
- Look at your current study habits. Do you do better studying in a long period of time, or do you get distracted after a smaller amount of time? If you tend to get distracted, try studying in intervals. For example, study for 25-30 minutes, then take a 5 minute break. If you complete 4 of these cycles, you will have studied between 1 hour and 40 minutes to 2 hours.
- Try to study in different ways. Each topic may take a different way to study, so take that into consideration when deciding to study.

GOOD LUCK ON YOUR FINALS! DON'T FORGET LASSO IS HERE TO HELP YOU BE SUCCESSFUL!
